

FASAT Monitoring

Carrington, Joe - what do we have already in place (i.e. Foglight, Splunk/ITSI, Turbonomics, AppDynamics. Anything Else?) across these categories below?

#	Component	Item	Baseline (What we have today)	Supporting Documentation	Description of Finding	Recommendations	Findings Process	User
1		Application Performance Management	AppDynamics ITSI (Splunk)					
2		Analytics	Foglight/ITSI/AppD					
3		Performance	DB - Foglight App - ITSI / AppD Web - DynaTrace					
4		Infrastructure	Turbonomics ITSI					
5		Network	DB - Foglight					
6		Storage	Waiting for ITSI to pick up storage. ITSI is monitoring drive sizing					
7		Anything else.
